Velindre the Hospital of Hope is Wales' premier Cancer Centre, providing care, support and treatment to cancer patients and their families for over 60 years.

Velindre is the major provider of radiotherapy and other specialised anti-cancer treatments in Wales.

We all know of family, friends and loved ones who have been touched by cancer.

The incidence of cancer is rising by 2% each year in Wales with nearly 20,000 people diagnosed with this illness each year.

However as Velindre staff strive every day to deliver the best cancer services through exceptional care, more people than ever are living with cancer – survival rates have

doubled in the last 40 years through better treatments and earlier detection.

We want to lead in the delivery and development of compassionate, individualised and effective cancer care to achieve outcomes comparable with the best in the world. Donations to Velindre fund things over and above what the NHS provide, so fundraising really does make a huge difference to our patients and their families.

We aim to provide the best care, when people need us most.

Our Majorca Bike ride will be a tribute ride to a great rugby player, family man and friend of so many including Velindre, Matthew J Watkins.

Matthew took part in several of our overseas bike rides and everyone on the trips loved riding with him, his enthusiasm and sense of fun helped make it a really enjoyable experience.

He had a huge commitment to raising funds for Velindre and was always great company when he supported our golf days and attended our fundraising lunches.
